

2013 Marion Police Department Annual Report

Ptl. Todd Monnette

Ptl. Todd Monnette named Officer of the Year

Patrolman Todd Monnette was selected as the 2013 Marion Police Department Officer of the Year by a vote of his peers!

Todd is a leader on the department in the areas of work load statistics for the agency. He works 2nd Shift and he was the primary officer on 2184 calls for service in 2013 and was an assisting officer on another 1270 calls for service. He takes particular pride in serving warrants and taking repeat criminals off of the streets.

Todd was laid off for almost all of 2013 and we are glad to have him back with the department. His attitude and work ethic are very much noticed and appreciated by his peers and supervisors.

We are very proud of the work Todd has done on behalf of our department and we are grateful for his service to the City of Marion.

Chief Tom Bell

Interim Chief Randall Caryer

Kathy Caudill named Civilian Employee of the Year

Property Officer Kathy Caudill was selected as the 2013 Marion Police Department Civilian Employee of the Year by a vote of her peers!

Kathy is responsible for all of the seized evidence, contraband and found property by the agency. She has over 10,000 pieces of property that she has to track, send out for scientific testing, prepare for court and dispose of.

This year, Kathy organized over 10 years worth of seized fire-arms and prepared them for an auction that brought in tens of thousands of dollars to the City and the Police Department.

We are very proud of the work done by Kathy and we are grateful for her service to the City of Marion.

Marion Police Department

I am respectfully submitting this Annual Chief's Report for the Marion Police Department.

2013 was a year of stabilizing and rebuilding for the Police Department, as well the beginning of many changes to come. After several years of declining funds and employee numbers, we are finally seeing a slight reverse in that trend thanks to City residence voting in an income tax increase to bolster the City's safety forces. We started 2013 with 41 sworn officers, 10 dispatchers, and 2 civilian employees. During the year we saw the retirement of Ptlm. Steve Chase, Ptlm. Dave Clemons, Ptlm. Electa Foster, Ptlm. Brian Liston and Chief Tom Bell. Chief Bell served as Chief of Police for approximately 14 years (the second longest serving Chief of Police for the City of Marion). After the return of all the laid-off officers that wanted to return and the hiring of new officers we finished 2013 with 46 sworn officers, 11 dispatchers, and 2 civilian employees. As we start 2014, we continue to increase our staffing with 2 more sworn officers and 1 dispatcher being hired as soon as background investigations are finished. Over the next couple of months the department will see a new Chief, 2 new Majors, 3 new Lieutenants and a number of new officers appointed. This will be the largest change in personnel the Department has seen in recent history.

The Department still sees drugs and drug related crimes as the number one challenge to address. Officers and the MARMET Drug task force have aggressively attacked the issue and made numerous arrests throughout the year. "Out of Town" dealers and repeat offenders continue to be a problem that **must** be addressed by our community.

We had one homicide reported in 2013. Officers continue to investigate but as of now, no one has been charged. Theft crimes continue to be a serious problem area and most are directly related to the drug problems that we, and other communities, are experiencing.

We are currently working on adding 3 new cruisers for patrol duties. These would be the first new vehicles in 3 years and very much needed to replace an aging fleet.

We look forward to continued rebuilding and fresh ideas for 2014. This will be my last year with the department. I have enjoyed serving the last 34 ½ years and I know that the officers of the Marion Police Department will continue to serve the Citizens of Marion in a professional and caring manner.

Respectfully submitted,

Major Randy Caryer
Interim Chief of Police

Chief Thomas D. Bell Retires

Thomas D. Bell served the Marion Police Department from July 29, 1976 through November 6, 2013.

Tom was promoted to Chief of Police (after serving as a Sergeant, Captain and Major) in 1999 and led the department through good times and bad.

Tom was Chief when our department was recognized as a Flagship Agency by CALEA, amongst many other accomplishments. He was also the Chief who lead us through a hiring freeze and layoffs.

Tom was a constant force for the Marion Police Department. His steady style of leadership will be missed.

His care and compassion for his officers and loyalty to this community will be his legacy.

Good luck Chief in your retirement, you have earned it!

Marion Police Department

Agency Departures

Listed clockwise from the top left: Chief Tom Bell, Ptl. Brian Liston, Ptl. Dave Clemons, Ptl. Sam Rietschlin, Ptl. Steve Chase and Ptl. Electa Foster. Bell, Liston, Clemons, Chase and Foster all retired from the Marion Police Department after honorable careers. Rietschlin left our agency to pursue a career with the Ohio Department of Transportation.

These officers represent over 100 years of service to our community and they leave behind very difficult shoes to fill. We are grateful for their service and wish them well in their new endeavors.

Laid Off Officers come back to work!

MPD laid off 16 valuable employees, in 2011. In 2013, we were able to get 9 of them back to work with the Marion Police Department. Ptl. Todd Monnette (came back in December of 2012), Ptl. Nick Esterline, Ptl. Sam Rietschlin, Ptl. Rob Musser, Ptl. Matt Baldrige, Ptl. Rob Gery, Ptl. Josh Harris, Ptl. Mike Diem and Ptl. Mike Woods came back to our agency.

All of the remaining laid off officers have secured employment with other law enforcement agencies. The Marion Police Department no longer has any laid off officers waiting to come back to work at MPD.

New Officers

Patrol Officers Bret Thomas, Michael Kindell and Gregory Sens were sworn in by Mayor Schertzer as the first new officers in the Marion Police Department since 2008 on December 16, 2013. All three new officers are from the Marion community and all three are military veterans who have served overseas.

Congratulations and we wish you the best in your careers with MPD!

Marion Police Department

Administrative Division Report

GOALS & OBJECTIVES 2013

ILLEGAL DRUGS

1. Increase manpower dedicated to MARMET
 - a. Add a supervisor to the MARMET unit full time—Goal Met - Lt. Adkins assigned to MARMET
 - b. Add one more patrolman to MARMET part time --- Goal exceeded- Ptlm. Isom assigned full time to MARMET

OPERATIONS

2. Implement three (3) Operation Saturation Events
 - a. To reduce the amount of burglaries
 - b. To serve arrest warrants
 - c. To work hard on suspected drug locations
Goal not met. Only one Saturation Event occurred

DISPATCH

3. Increase the Combined Dispatch manpower to 12 dispatchers
 - a. Add one additional dispatcher in the Spring of 2013
 - b. Add one additional dispatcher before June of 2013
Goal partially met- We have 11 dispatchers now and one more in the hiring stages.

Marion Police Department

Operations Division 2013 Annual Report

2013 was a rebuilding year for the Operations Division of the Marion Police Department. We began to recall officers from layoff in December of 2012 and we eventually called back 8 of the 15 officers who were laid off. We also hired three new officers in December of 2013 to bring our numbers up to 46 sworn officers. The retirements of 5 officers (Chief Bell, Officers Liston, Clemons, Foster and Chase) and the resignation of Officer Rietschlin made it difficult to get up to our budgeted manpower numbers of 48 sworn officers. We also had some significant issues with officers being sidelined with injuries, two of which led to retirements.

The Operations Division of the Marion Police Department is made up of all the Uniformed Patrol Officers, including 10 Lieutenants, and the two School Resource Officers. The Patrol Division operates 24 hours a day, 365 days a year. They respond to and investigate a wide range of calls including felonies, traffic accidents, thefts and officer wanted calls. They are also responsible for proactive patrol duties and traffic enforcement.

It is the goal of the Operations Division to provide the best service possible to the Marion Community and we look forward to continuing to provide excellent service in 2014.

I am very proud of the work of the personnel assigned to the Operations Division. It is the backbone of the department, the most visible piece of the agency and the one that has the biggest impact. I want to thank each Lieutenant and Patrol Officer for their dedication to the community and to each other.

Respectfully submitted,

Major Randy Caryer

Marion Police Department

Some highlights of the work of the Patrol Officers during 2012 include:

- January 7- Ptl. Rowe investigated a severe child abuse case involving a 7 year old victim. Floyd Welch Jr. was arrested on Felony Child Endangering charges. He was assisted by Lt. Beaschler and Det. Graff.
- January 13 – MPD received multiple calls of shots being fired near the area of W. Columbia/Girard. Officers eventually discovered Charlie Randall had went inside of 355 Girard and they found him pretending to be asleep in a bed (with wet/muddy shoes on.) A firearm was found underneath Randall after he was removed from the bed.
- January 29 – Officers responded to the Certified Gas Station on E. Center for a report of a abduction. A city-wide canvass for the suspect vehicle resulted in Ptl. Burdick locating the vehicle abandoned on Mt. Vernon Avenue. Ptl. Gabriel found the suspect walking near E. Church St/Homer St area. The victim was eventually located and David Starks of Detroit was arrested and charged with abduction and domestic violence.
- January 29 – Officers responded to 206 S. State Apt. 5 for a report of a female being held against her will at knifepoint. Lt. Radcliff, Lt. Clewell and Officers Padovano and Rowe forced the door and rescued the female and charged Genaro Tovar with abduction and domestic violence.
- February 2 – Ptl. Isom, Padovano and Lt. Clewell responded to 728 Davids for an active domestic call. They arrived to find the female victim had been beaten, strangled and bitten during the assault. Jared Dixon was arrested and charged with domestic violence, child endangering and drug charges.
- February 21 – Officers responded to a burglary in progress call and found Jonathon Fry II running from the area. He was eventually caught by Ptl. Esterline and tackled to the ground. He was charged with Attempted Burglary, Obstructing and several warrants.
- March 7 - Ptl. Clemons investigated a rape of a 15 year developmentally disabled female and was able to obtain a confession from 67 year old Bobby Pyles.
- March 9 – Dispatchers Knaul and Lehman got a call from an anonymous caller who said Crazy mike was holding Black Ice's girlfriend against her will and at gunpoint." That was it. Using their experience, knowledge, contacts they were able to determine who the players were in this report. A trembling, female victim was found in the apartment at 198 Fairfax Apt. D along with Michael Cosey. Cosey has a prior homicide on his record and was recently released from prison from a 2011 drug arrest when this incident happened. We believe that the victim had been held hostage for 5-6 days before being rescued by the Marion Police Department. Cosey arrested for Kidnapping and other charges. Phenomenal work by Dispatchers Knaul and Lehman that quite possible saved the life of the victim in this case.
- March 9 – Ptl. Fitsko and Foster responded to a 911 check call and found a male yelling for help at 293 Chestnut Street. It turns out that the resident at this address had caught Brandon Dunn breaking into his garage. After an initial confrontation, Dunn went for a hammer and the homeowner took it from him and struck him in the head with it. The resident tried to call 911 but dropped his phone at that point. Dunn was being held to the ground when the officers showed up. Dunn arrested for robbery and breaking and entering.

Marion Police Department

- March 30 – Officers McCullough and Fistko went to 563 N. State to escort a female there so she could pick up some of her things after an argument with her boyfriend. When they arrived, they got no answer at the door. However, a young boy in the other half of the duplex said that his 14 year old sister was in there with the boyfriend of the original complaint, Andrew Miller. The officers found the girl and she informed them that Miller had just raped her. Miller was arrested for rape.
- April 5 – Officers Sterling, Padovano and Lt.'s Clewell and Radcliff responded to a call for assistance from detectives. Clifton Ross was stopped and an arrest was attempted but a huge melee erupted. Ross was arrested and so was the driver of the vehicle, Jasmine Campbell. 47.4 grams of heroin, 14.7 grams of crack and \$660 seized from Ross.
- April 7 – Officers responded to General Sales for a report of an armed robbery. A short time later, Chris Santiago was found unresponsive at 177 Olney. Santiago walked into the house and started counting a large amount of money before falling to the floor. After being revived from his drug overdose, Santiago admitted to Lt. Shaffer that he was at General Sales but he just borrowed the money, he did not rob the store. Santiago charged with Armed Robbery.
- April 9 – Chief Bell and others heard a loud thud inside City Hall. They discovered that Keith Coleman had fled on foot from Municipal Court personnel and jumped over the railing from the second floor to the first and then fled out the front door. He was eventually found hiding in a dumpster at the corner of Main and Center. Coleman was arrested for Obstructing and the probation charges that were coming before his flight.
- June 5 – After receiving many reports of Nick Foggin carrying a gun and the fact he had multiple outstanding warrants, officers responded to 645 S. Prospect for another sighting of Foggin. Foggin was seen on the front porch of that residence and then he fled on foot when the officers saw him, throwing the gun during the foot pursuit. Foggin was caught at 627 Pearl and arrested on the warrants, carrying a concealed weapon, having a weapon while under disability, and obstructing. Ptl. Padovano was injured in the process as well.
- June 15 – Ptl. Dunaway and Ralston responded to a theft in progress at 411 Evans Rd and were able to arrest Shane Damron at Sims, where he was trying to sell the stolen wiring and pipe from the residence. Damron was charged with burglary, possession of criminal tools and an outstanding warrant. A short time later, another theft in progress call from the same house was received and Ptl. Dunaway and Ptl. Pahl located Cory Gamble there and he had stolen the A/C unit from this house. He was arrested and charged with felony theft.
- June 25 – The BP gas station on Deaware Avenue reported an armed robbery. One of the witnesses followed the suspect and report his location. Officers Burdick, Baldrige and Creps stopped the vehicle and its driver, Garrett Campbell. The gun was an air soft pistol, the money was recovered and Campbell was arrested for armed robbery.
- July 7 – 5 males who called themselves the “Black Mafia” robbed two males of their bicycle, cash and cigarettes. 4 out of the 5 ended up going to jail or JDC and the items were recovered.

Marion Police Department

- July 14 – Ptl. Rietschlin and Ptl. Monnette responded to a burglary in progress call at 1063 Colonial Avenue and developed Courtney Weaver and Matt McCombs as suspects. Weaver confessed to the burglary and trafficking in drugs and McCombs (located 7 days later) was arrested for the burglary as well.
- July 11 – Ptl. Fitsko attempted to arrest Bryson Eckhard after he committed a serious assault in the Buckeye Trailer park. Eckhard attempted to punch Fitsko in the face and then took off running. He was caught by Fitsko and Lt. Gruber, who deployed the TASER and was able to apprehend Eckhard. However, he began to fight again by kicking officers once he was handcuffed. Eckhard charged with several assault on an officer felonies. Ptl. Fitsko suffered minor injuries in this case as well.
- July 29 – Lt. Shade and Ptl. Musser responded to the Stay Inn Motel for a report of drug trafficking. Upon their arrival, they could see 2 subjects cutting up heroin on the table in the room through the window. Before entry could be forced into the room, a subject left the room and got into a car that was stopped in the parking lot. Entry was then forced into the room. Heroin was recovered (some got flushed) and three men from Chicago were arrested.
- August 2 – Ptl. Dunaway assisted a Grandmother who allowed her 23 year old grandson to stay with her for a while. He repaid her by stealing her wedding ring and antique earrings and pawning them. Andrew Gregory was arrested for burglary and probation violation.
- August 7 – Lt. Shaffer investigated a burglary at 818 Merkle and the majority of the stolen items were located at a neighbors house. It was discovered that the burglars were two grandmothers, Brenda Carmen and Deloris Jackson and their two juvenile granddaughters. All were charged with burglary.
- August 16 – Ptl. Rowe investigated an internal theft at Ambassador Steel where an employee, Jeremy Carr, has stolen 719,150 pounds of steel and scrapped it Sim's for \$71,553. The cost to Ambassador was over \$250,000. Carr confessed and admitted he was stealing from his employer to pay for his drug addiction.
- August 23 – Officers responded to a stabbing call at 561 N. State. Jake Watts was in a fight with Marcus Strugill stabbed him in the side and fled on foot. Major McDonald developed a lead on Sturgill and located him at 526 N. Greenwood where Sturgill was arrested for felonious assault and outstanding warrants.
- August 26 – Ptl. Sterling and Lt. Clewell investigated a serious child abuse case where a 2 year old suffered a serious brain injury.
- September 5 – Nicholas Bollinger was on a breaking and entering spree, committing some in Morrow and some in our county. He was stopped by Ptl. Diem and Ratterman and Major Collins and he fought with them before being taken into custody. On September 14, Bollinger bonded out of jail and broke into Club Polish and was arrested again.
- September 10 – Officers responded to Marion Prescription where they found a stolen RV being used as a battering ram into the building. The driver, Christopher Lines, struck a police cruiser attempting to flee, shots were fired at the tires of the RV to try to disable it, multiple other crashes occurred before the RV became disabled and Lines was taken into custody. Numerous felony charges were pursued.

Marion Police Department

- September 14 – Ptl. Harris investigated a report of a man having sex with a female while being HIV positive and not telling her. Tyler Drake was arrested and confessed to the crime.
- September 28 – Several witnesses reported a female being forced into 353 W. Church by a male. Entry was forced into the residence and ultimately, Derrick Rosvanis was arrested for abduction. A firearm, drug paraphernalia also located after the arrest.
- October 5 – Lt. Shaffer got a AFIS hit on fingerprints submitted after a burglary that came back to Trey Hall, Hall denies involvement. October 9, Ptl. Creps got an AFIS hit on fingerprints after a burglary that came back to Trey Hall, Hall denies involvement. Hall was interviewed at the jail on a...burglary charge.
- October 18 – Ptl. Sterling and Diem located a suspicious person at 692 S. Prospect. Chris Christman was high on drugs, in possession of Percocets, 3 knives and a 9mm handgun. He was arrested for drug charges and carrying a concealed weapon.
- October 24 – Ptl. Rowe developed Christopher Radebaugh and Caleb Kelley as suspects in a burglary at 673 Normandy where \$8600 worth of jewelry is stolen. Radebaugh came to MPD and confessed to Major Collins and Kelley was charged after being arrested by MCSO.
- November 16 – Ptl. Woods developed 531 N. Main St. as an address for suspected Speedway gas Station robbers Johnny Russell and Brad Miller. The suspects were arrested trying to leave that residence by Ptl. Esterline and Ptl. Baldrige. Great teamwork between shifts on this case.
- November 19 – There was a burglary at 945 Toulon and the victim gave a good description of the suspect and suspect vehicle. Det. Troutman and Lt. Brown were able to get the car stopped and arrest Aaron, Chris and Alicia Lampkin. They also committed a burglary in county as well.
- December 12 – Marion City Fire was trying to put out a fire at 325 Holmes Place when the resident, Jack Seiter, refused to leave the burning structure. Ptl. Creps had to physically remove Seiter from the residence and then Seiter wanted to fight with Creps, Seiter went to jail for misconduct at an emergency.
- December 22 – Ptl. Monnette catches Steven Price in the act of burglarizing 348 Blaine. Price charged with burglary and possession of criminal tools.
- December 29 – Lt. Clewell and Ptl. Woods investigated a serious domestic violence call at 632 Irey where the victim was beaten over a couple of hours. James Tobin as arrested and charged with kidnaping, domestic violence and probation violation.

Marion Police Department

2013 Investigative Division Report

Staffing for 2013 began much better than 2012. Lt. Adkins was assigned to the unit, as well as Officer Marsh. In February the Chief and Sheriff committed 4 more persons to the unit for drug investigations. Deputy Utle, Wheeler and Officer Isom and Elliott were added to the MARMET staff for Operation Push.

Drugs continue to be the number one investigated crime in the city, followed closely by property crime and crimes of violence.

Highlights for 2013:

- A jury trial concluded on January 22, on January 23 Raymond Bertuzzi was found guilty of the Aggravated Murder of Amy Aldrich in 2012. Bertuzzi was sentenced on January 29, to a Life Sentence without the possibility of parole.
- On February 4, Operation Push began, and in a two month period numerous search warrants, arrests and drug seizures were made in an effort to make a statement to drug dealers in our area.
- In March, Detectives of the Investigative Unit began a homicide investigation into the death of Timothy Daso. It was not apparent that this was a homicide investigation until the body had already been taken to the funeral home, a day after the victim had been assaulted at a local bar. No arrests have been made in this case, and the case remains active with very few leads.
- March was also a busy month for trials; the trial of Stacy Miller lasted nearly 2 weeks. Miller had been charged with 15 counts of Robbery, and Thefts in Marion and the surrounding area. One particular robbery involved the snatching of a purse from a 74 year old female in the parking lot of Marion General Hospital. Miller was found guilty by the jury on all counts, and was sentenced by the judge to 28 years in prison.
- In July Detectives were able to GPS a suspect vehicle out of numerous thefts and burglaries. The vehicle was followed to the Powell, Ohio area and after a short pursuit 2 suspects were apprehended.
- August was a busy month for all detectives, Operation Revolving door was initiated and over 40 repeat drug offenders were located and arrested. This particular case showed the public first hand that many of the people we deal with, are the same people over and over again.

Marion Police Department

2013 Investigative Division Report

- In September two brothers, Aaron and Eric Clark were investigated for several felonious assaults. Both were arrested and trials are pending.
- In October, detectives assisted Marysville Police Department with tracking a burglary suspect that they had GPS on his vehicle. The vehicle and suspect Christopher Frazee was located in the Chateau Ridge area. The vehicle was followed to several houses and Frazee was caught red handed in a house on Barks Road. Frazee was charged with several burglaries and has since plead guilty and received 11 years in prison.
- In October detectives assisted with a burglary in which a baby's ashes were stolen in an urn during a burglary. Fingerprints lifted from the scene of the burglary came back to a Harvey Joseph. Joseph was located and arrested, however the urn has still not been located.
- In November Lt. Adkins observed Steven and Dawn Price loading up copper pipe, area houses were checked and a burglary located. They were both arrested and charged with the burglary.
- On November 4, MARMET and the Marion SRT served a search warrant at 282 Windsor Street. This was to attempt to locate a wanted drug fugitive that had purchased several guns recently. SRT used multiple cans of tear gas to extract Kevin Jackson from the apartment without injury to him or any officers. A tech 9 machine pistol was located in the residence.
- November 15, after an extensive investigation Johnny Russell and Bradley Miller were arrested for an armed robbery at the Speedway Gas station. The weapon was recovered during a search of 416 Davids Street.
- On November 20, while Detective Troutman was out working drug cases he came across suspects wanted for a string of burglaries in the county. Alicia, Chris and Aaron Lampkin were all arrested and evidence was located in the vehicle.
- In December after a several week investigation into a possible Meth Lab, detectives executed a search warrant at 516 Avondale Avenue. The largest active Meth Lab to date was located and 7 persons were arrested for the manufacturing of Methamphetamine.

Major Bill Collins
Investigative Commander

Marion Police Department

2013 Investigative Division Report

The Marion Police Department saw a decrease in felony level crimes submitted to the Marion County Prosecutors Office for prosecution in 2013. However, this number is slightly misleading as numerous felonies committed in 2013 were submitted for prosecution in the beginning of 2014.

Month	2011	2012	2013
January	49	47	49
February	45	42	37

Marion Police Department

2013 MARMET Report

The MARMET Drug Task Force is charged with investigating drug and vice crimes within Marion County. The Task Force is comprised of members from the Marion Police Department, Marion County Sheriff's Office and Marion County Prosecutor's Office and is part of a greater regional unit known as METRICH based out of Mansfield, Ohio.

MARMET is a self-sufficient operation, with tax dollars being spent only towards the salaries of the detectives assigned to the unit. All other operating costs are funded through monies seized from offenders of drug investigations.

MARMET was able to add personal to the task force in 2013. Lt. Adkins was added to the unit and in February "Operation PUSH" was presented to Chief Bell and Sheriff Bailey. PUSH asked for more officers to be assigned to MARMET for 2 months. This operation was very successful; large amounts of money and drugs were taken from local dealers. It was so successful, Det. Isom, Det. Elliott, and Det. Wheeler were allowed to stay in the unit after their two-month assignment. Det. Elliott was later assigned to the K-9 Unit and taken out of MARMET in July. In August, "Operation Revolving Door" took place. This was a massive round-up of nearly 40 repeat drug-trafficking offenders in Marion. Most of the arrests were from "Operation PUSH".

Marion's heroin addiction is the most prominent problem facing our community. Heroin has taken a strong hold against many of our citizens, and there is no shortage being imported to our town. The "Marion Star" featured many articles in 2013 about heroin abuse. MARMET members conducted more education demonstrations this year than in years past. The highlight of the 2013 education talks occurred in April when a Town Hall meeting took place about the heroin issue facing Marion. The meeting was attended by approximately 400 citizens.

MARMET did see a rise in drug cases in 2013. 2012 had 591 cases. 2013 had 779 cases. Seized money was slightly down from over 2012 levels. Vehicles, valued at over \$26,000, were seized in 2013. MARMET forecasted trafficking in heroin and abuse of heroin would be up in 2013; the numbers proved the forecast correct, along with the trafficking and use of crack cocaine. Crack cocaine seizures were up almost 400% in 2013. Methamphetamine was on the radar in 2013. . 3 Methamphetamine Labs were shut down; 10 people were arrested for their participation in manufacturing of methamphetamine. The manufacturing of this drug continues to evolve and to be very dangerous; those dangers were proven true with three officers being treated for exposure to the chemicals during 2013. The task force continues to provide educational training to police officers and fire departments in Marion County for Methamphetamine awareness.

Marion Police Department

2013 MARMET Report

In August of 2013, MARMET and Mansfield FBI worked a joint DTO (Drug Trafficking Organization) with the main member's original from Detroit, MI. MARMET detectives worked hundreds of man hours over three months setting and listening to a "wire tap". This case was very successful and will results in 50 plus local indictments and nearly 15 Federal indictments for conspiracy to trafficking in narcotics.

In 2014 MARMET hopes to keep its current staffing levels, and, with additional officers being hired in 2014 MARMET would like to replace Det. Elliott. Drugs are the main problem in Marion which leads to the thefts, burglaries, robberies and assault calls. MARMET will continue to aggressively work with probation and the court system to send those offenders to prison. The information below is collected from Marion PD, Marion County Sheriff's Office and the Marion Post of the State Highway Patrol:

Major Drug Statistics For Marion County 2013

	2013	2012		
New Drug Cases	779	591		
Indictments	327	184		
Search Warrants	117	113		
Drug Education Programs	13	0

Prescription Drugs	2091 pills	3267 pills		
Synthetic	11 grams	1659 grams		

Lt. Chris Adkins

MARMET Drug Task Force

Marion Police Department

Administrative Division Report

The Administrative Division has a support role at the Marion Police Department. They have provided assistance and support to Operations, Investigations and Dispatch over 2013. They have worked closely with Chief Bell and Interim Chief Caryer to get through the constant budget issues that came up throughout 2013. The Administrative Division completes grant reporting; responds to media requests for information and comment; compiles monthly and the annual reports; administers the MPD Facebook page (that has over 6000 followers by the way and has been used to solve crimes, update citizens on road and weather conditions and the like and also allows for two way communication directly with the citizens we serve); purchases, maintains and tracks all departmental property such as vehicles, computers and uniforms and many other duties.

In 2013, the Marion Police Department contracted with TRECA to manage our computer operations. This allowed a police lieutenant to move back into Operations and better utilize his talents managing a shift. We have had some growing pains with this move but we are in better position to address our constantly evolving IT needs. The more technology we use to improve our efficiency, the more dependent we become on equipment that needs to be constantly maintained, fixed and upgraded. In fact in 2014, we have increased the amount of support we get from TRECA to continue to handle our growing IT needs. Jacob Boldin and Rick Young are our personnel from TRECA.

Lt. Daryl Burbaugh continued to provide steady service to MPD in 2013. Lt. Burbaugh is responsible for the fleet and its management. This includes the equipment that goes along with the cruisers. As our equipment has aged and not been replaced on a regular schedule due to finances, managing the fleet takes more time and expertise. We have spent a good portion of 2013 preparing to purchase new cruisers that will actually happen in 2014. Lt. Burbaugh also is the Special Duty coordinator.

Diane Patrick is the records clerk and the glue that keeps our agency together. Diane handles the filing of all paperwork, the public records requests, the bills for the department, the ordering of uniforms and supplies and handles the mail for the agency. With the hiring of 3 new patrol officers, re-issuing equipment to the laid off officers and collecting the equipment of retiring officers, Diane has been very busy with Quartermaster in 2013. **In February of 2013, Diane was named the 2012 Marion City Employee of the Year.** She was nominated by her peers as the 2013 Police Department Civilian Employee of the Year and is very deserving of both honors!

Marion Police Department

Administrative Division Report

The Administrative Division of the Marion Police Department has very serious issues to contend with in 2014. The infrastructure at the agency is sorely lacking. Our fleet has over 3 million miles on them or an average of 103,615 per vehicle. Our oldest cruiser is a 2006 Crown Victoria. The average mileage on the cruisers is 109,929. The Marion Police department spent \$89,238.80 on vehicle maintenance in 2013. We have 10 Mobile Data Terminals that run on the Windows XP operating system and that is no longer being supported, which means that they no longer meet the security requirements to run LEADS on. As stated earlier, the more reliant we become on technology (and we are very reliant), the more urgent the upkeep and replacement of that technology becomes.

I am very proud of the employees who work in the Administrative Division of the Marion Police Department and the work that they do. They are the behind the scenes personnel that makes the officers on the street much more efficient because of the support they give to them.

Major Jay McDonald

Administrative Division Commander

Marion Police Department

Harding High School Resource Officer 2013 Report

During the 2013 year I was assigned to this position for the start of the 2013-2014 school year. I have met many good people and only a handful of students are making bad decisions. There was a about a five percent decrease in the number of charged filed at the high school this year over last year.

There has been an increase of conveying weapons into the school from 2012. In 2012 there was only one case. In 2013 there were four and all of these weapons were knives. The students all brought them from home and had no intent of using the knives for violence in the school.

There has been a slight decrease of assaults in the school from 2012. I believe that presenting information to the students about bullying had helped in decreasing these assaults. I ended up conducting six presentations to students at the high school. These presentations also included cyber-bullying and “sexting.” Many of the students had no idea the severity of sexting and what they could face by doing this.

I also was able to reach out to all the elementary schools and conduct an onsite visits for safety issues. I was able to meet with principals after observing the school and present them with a report. This report made recommendations as to how to make their staff members and students safer. I felt as if it was my obligation to present them with this safety check.

Ptln. Dunaway and I were able to present A.L.I.C.E training to all the district principals in August this year. We hope this is just the beginning to attempt to train all staff members in this district.

Ptl. Casey Thomas
School Resource Officer

2013 Grant Middle School Resource Officer Report

2013 was a very different year for me. Taking on the position of SRO at Grant Middle School was completely different from street patrol, which I have done for many years. I was selected for the open position at Grant in mid-March 2013, but was already scheduled to go to Harding in August. The first day here was nonstop and has been that way every day since. After being here a month or so, the option was given to me to stay or go to Harding. Without a second thought I stayed. The staff is amazing and so great to work with. I am very proud to be a part of the vision and what they (we) want the school to become. I enjoy being a part of and working to make this a great and safe place to be educated. Being here every day not only as a police officer, but as a staff member has been very rewarding. What goes in reports is only a small portion of what a SRO does each day, there is so much more to it. I never understood that until taking this position, but I enjoy every moment.

We implemented a “Hot Line” for the kids to call and report anything they feel needs to be addressed. Students can remain anonymous or give personal information. This has been very successful!

I have worked with MARMET, ADAMH Board, and local businesses on a county wide drug program for Middle and High School students with rewards and prizes from community businesses. This program will start in the early part of 2014 at Grant.

I attended ALICE training and became a certified instructor. Marion City Schools adopted the program at the start of the 2013-2014 school year.

Hopefully next year the criminal fillings will decrease. Presence and visibility is the factor that helps in this, as I saw the criminal fillings decrease from my start until now. The following are criminal fillings I submitted from the schools in 2013.

Marion Police Department

2013 Grant Middle School Resource Officer Report

Marion Police Department

2013 Marion Police Department Property Room Report

The Marion Police Department Property Room is staffed by the 2013 Civilian Employee of the Year Kathy Caudill. Kathy is supported by Diane Patrick when Kathy takes a day off. This function of the police department is one that most people do not think of when they think of MPD. However, the work done by Kathy is indispensable to the operation of the agency.

At the time this report was written, there were 14,582 total items in the custody of the Marion Police Department Property Room.

In 2013, the property room took in 3,171 items. 436 of those items were sent to the forensic laboratory at BCI, another 36 went to other Forensic Labs and 6 went the Ohio State Patrol lab

An important part of the job in the property room is to attach photographs taken by officers to the appropriate report and to track them from there. In 2013, we attached approx. 1,600 folders of pictures to reports.

The property room also disposes of property that is brought in at the conclusion of the cases. We return property to its owners, we destroy property, we convert property to the police department and we auction property off to the general public.

In 2013, we destroyed 2,357 items, converted 4 guns to MPD, and converted \$10,706.00 to MARMET Trust Fund. We also conducted an auction with Ben Higgins as our auctioneer and sold items that placed \$28,279.99 to the Law Enforcement Trust fund and \$5,408.81 to General Fund of the City of Marion.

In partnership with the B.I.K.E program at Marion Correctional Program, we donated 100 recovered bicycles that went unclaimed to be refurbished by inmates. These bicycles were then donated to area youth who needed them

Lastly, we participated in two different medical disposal days where citizens brought in unused medication and turned them in to be safely destroyed. We also take this kind of medication every day for anyone who wants to bring it in to us.

I would like to thank those who helped make 2013 a successful year in the Marion PD Property Room, especially Kathy Caudill.

Major Bill Collins

Marion Police Department

2013 Combined Dispatch Center Report

The Marion Combined Dispatch Center has always prided itself on providing quality service to the Marion City Police and Marion City Fire Departments. We have a very professional center due to the experience and training of our Communications Officers. They have over 8 years of experience on average. Our Combined Dispatch Center handles not just emergency calls for police and fire, they also are in charge of maintaining the towed vehicle file and the warrants issued to the Marion Police Department.

On July 1st 2013, the Marion City Combined Dispatch Center took over the responsibility of providing communications for two of the County Fire Departments. There was an adjustment period between all departments involved and things were ironed out. In October 2013, two more County Fire Departments signed on with the City for their communication needs and, again it was a learning period for all involved.

We are learning as we go and gaining the experience needed to continue to provide the best possible service every jurisdiction we are communications to.

Combined Dispatch continues to be a very busy place and it is very different than it was just a few short years ago. We need a new radio system to continue to provide the service that is expected and we are looking forward to 2014 and a new radio system being purchased and installed to help alleviate some of the bleed over and muting of some of the departments experience when everyone has radio traffic at once.

We are still not up to our fully authorized staff numbers in Combined Dispatch Center and it does not appear that we will reach a full staff of 13 full time employees in 2014. We did add a new employee, Chris Walker in July of 2013 and we have a new communication officer starting in January 2014. This will put the numbers at 12.

I am extremely proud of the employees of the Marion City Combined Dispatch Center. A lot is asked of them and they are sometimes under appreciated. However, they have one of the most difficult and stressful jobs in public safety. They work a lot of long hours and we certainly appreciate all they do for those that they serve.

Major Randy Caryer

Combined Dispatch Commander

In 2012, the Communications Officers dispatched 34,265 Police calls for service and 5,595 Fire calls for service. In 2013, the Communications Officers dispatched 36,376 Police calls for service and 5,665 Fire calls for service.

Marion Police Department

2013 K9 Unit Report

The unit has seen a lot movement this year. After years of dedicated service as a decoy and then as a handler, Patrolman Matt Creps stepped away from the unit. His dedication and work ethic will be missed by the unit. Thank you for your service Matt.

It was determined that canine Bosco still had several years of service and the decision was made to see if he could be re-trained with a new handler. In May 2013, Patrolman James Fitsko and Bosco started re-training at Storm Dog training in Delaware Ohio. One of the highlights of the training was converting Bosco from an aggressive alert canine to a passive alert canine. On June 10th 2013 Patrolman Fitsko and Bosco were certified by OPOTA as a working team.

In 2013, MPD sought and obtained additional funding from the community with the promise that the money would go towards adding a new canine team to the department. Donations were obtained from The Brandy Winfield Poker Run and The Veterans of Foreign Wars Post #584.

Patrolman Mark Elliott was chosen as the next handler. Mark had also put in several years of dedicated service to the unit as a decoy which made his selection as the next handler very easy. Patrolman Elliott met with certified trainer Mike Pennington of Storm Dog training and together they choose a canine that would fit the needs of our agency. They decided on a 1 year old Dutch Sheppard from France. The new team would be trained as a dual purpose team, meaning they would be certified in narcotic detection and patrol work.

In recognition of donations received to purchase the canine Patrolman Elliott wanted to name his new partner in a way that honored both organizations. Patrolman Elliott decided on naming his new partner Six. Six was Brandy Winfield's unit number. "Having your six" is also a common term that is used in the military service that indicates your partner has your back.

Patrolman Elliott and Six started their training in October of 2013. They attended training five days a week for eight to ten hours a day. In November 2013, they were certified by OPOTA as a team. Both teams have been working the street since certification.

The unit continues to do maintenance training with Storm Dog Kennels on a weekly basis. Training normally takes place on Tuesday mornings.

In 2014 the unit would like to try to advance the role of the canine unit by cross training with Special Response Team. Patrol Elliott is a member of SRT and we hope to incorporate Six as a member of the team to further advance the capabilities of the team.

Both teams only worked the street for a short time during 2013 in 2014 we hope to report more usage.

Vehicle narcotic searches: 17	Suspect building searches: 3	Suspect tracks: 7
Area evidence search: 3	There were no canine apprehensions to report for 2013.	

There were three narcotic arrests made in 2013 as the result of a canine sniff.

Respectfully submitted *James Fitsko*

Marion Police Department

2013 Special Response Team Report

The Marion Special Response Team (SRT) is comprised of selected officers who are specially trained in weapons and tactics. SRT is activated for the most serious calls involving armed and/or dangerous individuals, ranging from barricaded subjects to drug search warrants.

The Special Response Team of the Marion Police Department again went through numerous changes in 2013. Officers Eric Marsh, Matt Creps and Jamie Ralston were added to the team and attended Basic SRT Training at the OSP Academy in Columbus. Officer Mark Elliott was also added to the team but has yet to attend his basic training. Officer Elliott will attend basic training in 2014 as he was away for six weeks in the latter part of 2013 to attend K-9 Training.

Officer Padovano is still active with the team but has been injured for second half of the year, which currently gives the team 8 officers available for call-out. Ultimately, the goal would be to again reach a ten member team.

The purchase of new advanced body armor was made a priority in 2013. The majority of the ballistic vests worn by officers had been expired for two years due to cost of replacement. SRT sought the assistance of area service organizations and obtained the funding the purchase highly protective ballistic vests, which include groin, throat and bicep protection. The American Legion Post 162 purchased six of these vests. Knights of Columbus Council Council 671 purchased one vest and the Marion Police Department purchased the remaining vest. The overall cost to replace all eight vests was approximately \$16,000.

Looking to 2014, the SRT looks to add another officer and to continually improve our equipment, to include the possible addition of a new SRT vehicle.

SRT was deployed on four operations in 2013. A brief of each operations follows;

13-01

880 block of N. Prospect Street to apprehend an alleged rape suspect that was also reportedly armed. This particular residence was also a drug location. Two subjects (including the suspect) were detained and transported to MPD where they were turned over to investigators.

13-02

200 block of Blaine Ave. for the service of a drug warrant for MARMET. Multiple Chicago drug dealers were allegedly dealing out of this location and there were reportedly firearms inside the home. Multiple persons were arrested from this location stemming from a wide-spread drug sweep.

Marion Police Department

2013 Special Response Team Report

13-03

280 block of Windsor St. for service of a drug warrant for MARMET. This location was covered by security camera and MARMET and MPD received multiple pieces of information to indicate the presence of drugs and guns at this location. SRT initiated contact and when residents refused to answer, flameless CS gas was deployed into the structure. Two subjects then surrendered to SRT and a Tech-9 firearm was recovered from within the residence. This warrant was served in conjunction with "Operation Revolving Door".

13-04

420 block of Park Street for the service of a MARMET search warrant. It was reported that this location had multiple occupants who were selling drugs and in possession of multiple firearms. A total of four subjects were arrested from this home, three of which were juveniles. A loaded shotgun and a loaded assault rifle was removed from this location.

Respectfully submitted,

Lt. B.J. Gruber

Team Leader

Total	346

In 2013 there were a total of 1907 domestic related calls for service. That is an increase of 390 domestic related calls for service over 2012's total of 1517. There were also more domestic violence reports made in 2013. 2012 saw 314, whereas 2013 saw 346. There was also an increase in the amount of injuries that the victim sustained as a result of domestic violence. In 2012 there were 101 victims injured. In 2013 there were 156. This is an increase of 55 more injured victims.

The highest month in 2013 for domestic related calls for service was in May. May had 189 domestic related calls for service. The highest month for domestic violence reports was June with 37 reported incidents. This is more than 1 domestic violence offense occurring each day.

Marion Police Department

2013 Juvenile Report

The Marion Police Department responded to 500 cases during 2013 in which juveniles were either arrested or charges were requested. These calls involved 358 males and 142 females. Of the 500 cases, 341 cases were filed by the juvenile prosecutor, 2 were prosecution declined, and 158 I have never gotten an answer on. Most of those cases are likely pending and/or prosecution declined, but I have not received anything official on it.

The number of juveniles arrested and taken to JDC in 2013 were 170. This is considerably lower than the number arrested in 2012, when there was 225.

2013 Community Policing Report

In 2013 Officer Liston retired in mid April. Officer Marsh took over as the new Community Policing Officer.

There were 58 Block Watch meetings in 2013. There were normally between 4 and 6 meetings each month except for December. All but one of the block watches took the month of December off to concentrate on the holidays. Meetings were held on Mondays, Tuesdays, Wednesdays, and Thursdays.

There were three captains meetings, all of which were held at MPD. There was also a meeting for all of the block watches held at MPD where Lt Adkins did a drug presentation.

I had 7 Block Watch interest meetings in 2013. Of those 7 meetings, 3 formed new block watches and 1 is still interested. The 3 others have not contacted me back.

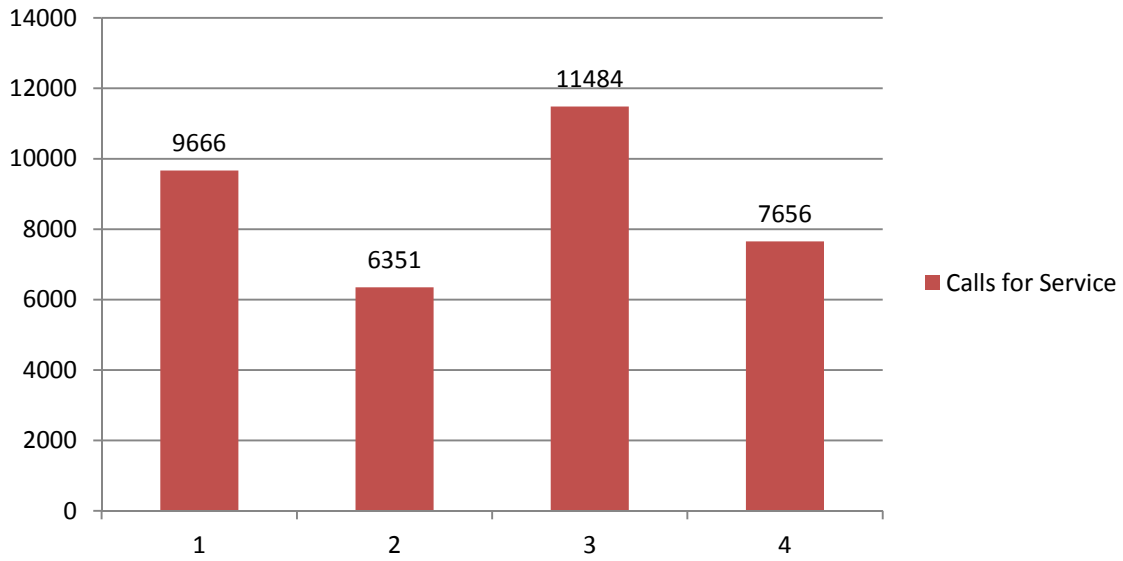

One of the newly formed block watches organized a day for us to get together and paint a garage that had graffiti spray painted all over it. The garage was to the rear of a rental house off of an alley. The owner of the property was contacted and allowed us to paint the garage to cover the graffiti. The paint and time were donated by all of the block watch members.

I look forward to continuing with the block watch program throughout 2014!!

Comparison of Specific
Calls for Service

Yellow Highlights mean low number over 5 years, Red Highlights mean the high number over same time period

2013 saw 5 year low in assaults, sex offenses, and vandalisms.

2013 saw 5 year highs in Burglary, stabbings, stolen vehicles and shop lifters.

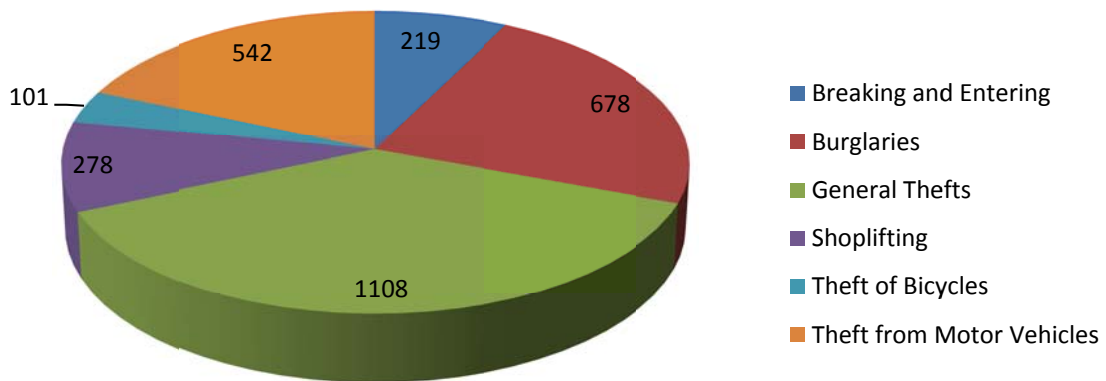

Theft crimes were a mixed bag in 2013, with unclassified thefts at a number than the previous 2 years, stolen bikes at 5 year low, theft from vehicles at nearly a 5 year low. However, burglaries and shoplifting were at 5 year highs.

Violent crime were generally lower for this 5 year time period in 2013.

Rapes were about average in number of reports, shootings were higher than last year, assaults were lower, homicides matched a 5 year low.

Marion Police Department

2013 City Wide Theft Offenses

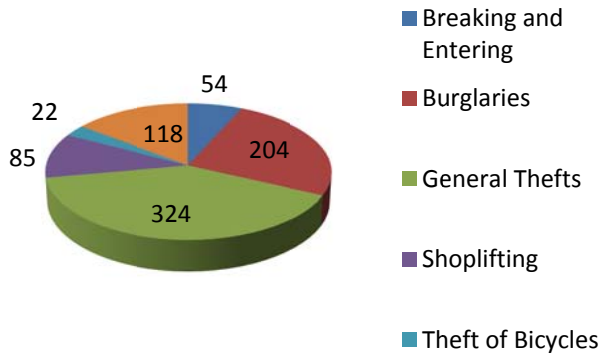

In 2013, the Marion Police Department responded to a total of 2,926 theft type calls. Theft type calls amounted to 8% of the total calls for service for the department in 2013. Burglaries were the main type of theft to increase in 2013, following a multi-year trend.

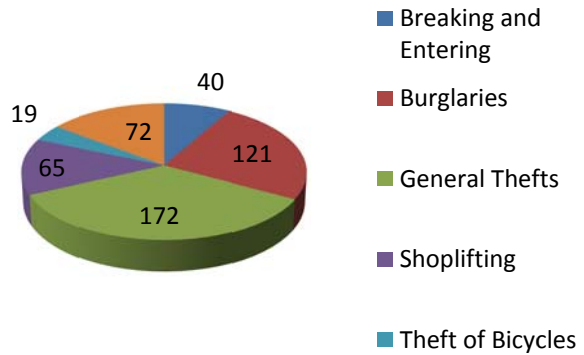

Marion Police Department

2013 Impaired Driving Enforcement Report

A few of the main highlights for the 2013 year relating to Marion City Police Department Drunk Driving Enforcement involved, working two OVI Sobriety Checkpoints with The Marion Post of Ohio State Highway Patrol. This again was a positive community awareness event of one of the leading reasons for vehicle crashes. Ptl. Andy Burdick led the department during the year with 5 OVI arrests. Another positive is the community played a large role with our OVI Enforcement by reporting drunken drivers. We want to thank the Marion Community for this help and look forward with the continued support for 2014.

There are some additional important factual points resulting from our 2013 OVI arrests and they are listed below.

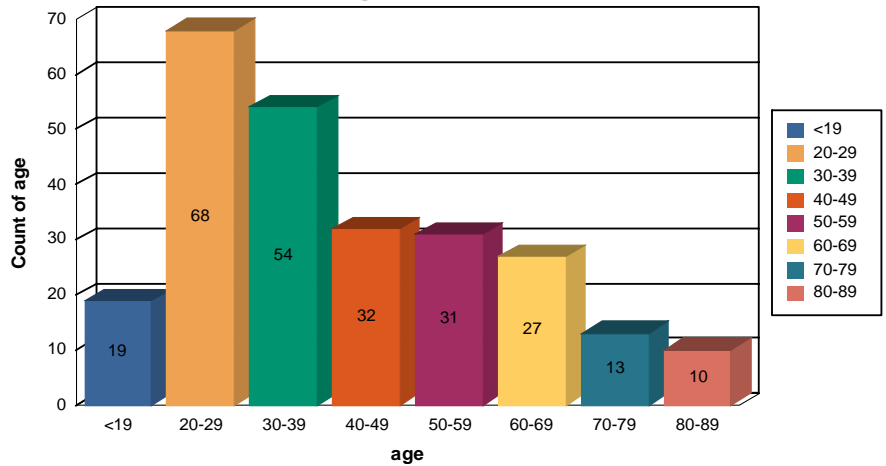

- **Top three reasons for the traffic stop:** 1. Reported Drunk Drivers = 17, 2. Traffic Accidents = 13, 3. Wrong Way Violations = 3. These three reasons accounted for 33 of our 39 OVI Arrests.
- **Most by Time of Day:** 8:00pm -11:59pm = 12, Midnight – 4:00am = 12
- **Day of Week:** Friday – Sunday (54%)
- **By District:** District 3(N/W part of the City)
- **Test Results:** Highest Test - .239, Lowest Test - .09, Number of Refusals - 10
- **Highest Age Group:** 30-39 = 10, 40-49 = 10, 50+ =10 and 20-29 = 8
- **Gender:** Males = 31, Females = 8
- **Highest Shift:** 3rd Shift officers led with 18 or 46% of the OVI Arrests

In 2013, the Marion Police Department used 38,043.3 gallons of gasoline for a total cost of \$122,393.50 in fuel.

Major Jay McDonald

Marion Police Department

2013 Pursuit Report

In 2013, there continued to be a low number of pursuits. We only had four (4) for the entire year! The pursuits were reviewed by the Command Staff of the police department and all were found to be within our Pursuit Policy.

#1. – The first pursuit occurred 03-09-13. Officers attempted to stop a car on N. Main St. that had been reported stolen. The car fled north bound on N. Main St. and turned west bound onto Klerx. Officers lost sight of the vehicle west of Oak St. Shortly after losing sight of the car they found that the car had driven completely thru a house at the corner of Klerx and Catherine Ave. The vehicle came to rest against a fence after going completely thru the house. The driver was taken into custody and transported to the hospital with serious injuries. Two occupants of the house were rescued by officers and were not injured. OSP handled the crash report and we handled charges of OVI, Theft and Fleeing.

#2. – The second pursuit occurred the early morning hours of 06-15-13 during a drug interdiction operation. A vehicle refused to stop for officers making a traffic stop in the area of Mt. Vernon and Forest Lawn for traffic violations. The vehicle was “boxed in” and stopped in the area of Mt. Vernon and Richland Rd. The driver was arrested for fleeing and drug abuse and two passengers were arrested for outstanding warrants. A loaded hand gun was also recovered from the vehicle. No one was injured.

#3. – The third pursuit occurred after officers responded to an alarm call at Marion Prescription on E. Center St. Officers found a motor home ramming the front of the business. It then tried to ram a police car before ramming the business some more. An officer fired one round into a tire of the vehicle to stop it. The vehicle continued to ram the business and then fled the area. Officers pursued the vehicle and the vehicle crashed on Jefferson St. The driver was taken into custody and the vehicle was discovered to have been stolen from the county. OSP assisted with the crash and diagrams. No one was injured in the incident.

#4. – The last pursuit of the year occurred on 12-04-13. Officers attempted to stop a driver for running the stop sign at Jefferson and Wilson. The driver failed to stop and fled. The vehicle traveled south on Grand Ave. to Vernon Hgts Blvd. The vehicle was last seen turning onto Virginia Ave. Officers lost sight of the vehicle and stopped the pursuit. Officers were able to identify the owner of the vehicle from the license plate and developed a suspected driver. A warrant was issued for her arrest.

The Pursuit Policy was not changed or altered in 2013.

Major Randy Caryer

Marion Police Department

2013 USE OF FORCE REPORT

The Use of Force Policy of the Marion Police Department requires that a written report be completed every time there is a use of force used on anyone. Each use of force report is then investigated by the officer's supervisor, the supervisor's Major and then approved by the Chief of Police. In 2013, there were 103 Use of Force Reports submitted and there were no violations of the Use of Force Policy found.

Below is a chart of the types of force that were used in 2013.

Type of Force	Number of Incidents
Rifle*	
Fighting	10
Restraint	31
Firearm Displayed	44
Firearm Discharged	9
Taser	5
Taser Displayed	2
K-9 Bite	
OC Spray	2
Total	103

- We require that any time a rifle is removed from a cruiser for an incident, that a Use of Force Report be completed, regardless if the rifle was used during the incident. No rifles were discharged in 2013.

Of the 9 times that firearms were discharged in 2013, 8 were used to dispatch animals. 1 was fired into the tire of a stolen motor home that was driving into a business and would not stop.

Major Randy Caryer

Marion Police Department

2013 INTERNAL AFFAIRS ANNUAL REPORT

The Internal Affairs Division of the Marion City Police Department was established to register record and investigate complaints made against members of the Marion City Police Department. It shall be the policy and goal of the Marion Police Department to promptly investigate and make a finding concerning all allegations of misconduct by a member of the Department.

All investigations of alleged misconduct by a member shall result in a finding as follows:

1. **Improper Conduct** – The allegation is true and the actions of the member were inconsistent with the Departments Policy and Procedure or Rules and Regulation.
2. **Insufficient Evidence** – There is insufficient evidence to confirm or refute the allegation.
3. **Policy Failure** – The allegation is true and although the actions of the member were not inconsistent with policy, the complainant suffered harm.
4. **Proper Conduct** – The allegation is true, but the member’s actions were consistent with policy and the complainant suffered no harm.
5. **Unfounded Complaint** – The allegation is false or there is no evidence to support the allegation.

SUMMARY

Internal Affairs Investigations are initiated by ether a citizen’s complaint or by a Departmental complaint (internal).

During 2013 a total of 15 complaints were handled. 11 of the complaints were made internally and citizens made 4 complaints. Some complaints involved more than one employee.

The following outlines the results of the Internal Affairs Investigations for 2012:

	CITIZEN COMPLAINT	DEPARTMENTAL	
IMPROPER CONDUCT	0	10	
INSUFFICIENT EVIDENCE	1	1	
POLICY FAILURE	0	0	
PROPER CONDUCT	1	0	
UNFOUNDED COMPLAINT	2	0

Disposition – Pending step 3.

Respectfully submitted;

Major Randall Caryer
Grievance Coordinator

Marion Police Department

Explorers Post 6024

The Explorer Scout Program is designed for youth ages 14 to 21 who have an interest in law enforcement as a career. The goals of Exploring are to educate and involve youth in police operations, to interest them in possible law enforcement careers and to build mutual understanding between young people and law enforcement officers.

The program at the beginning of the year seemed to struggle. Budget concerns, low youth involvement and unworkable structure made it very difficult for the program to maintain. Around mid year the program was reassessed and gained new leadership. Since the change the program has went from 4 active members to 12 active youth members and applications are constantly coming in for more involvement.

Our Post competed in the 2013 Law Enforcement Explorer Competition held in May this year in Cleveland, Ohio. They competed against over 55 other teams from Explorer Posts all over the state. Although the team was not awarded top honors, they competed very well and were commended by many of the scenario evaluators for their effort and teamwork.

In July our Explorers Post assisted another local Explorers group in their first crowd control operation at the Marion County Fairgrounds. Five of our explorers assisted during the week with the parking of vehicles on Fairground property. We hope to make this an annual combined effort of both posts.

Our Explorers assisted with the annual Saturday in the Park held in August. This is an alcohol-free family event in Lincoln Park. It's a fun day of activities for children of all ages. Our Explorers with the tutelage of veteran Citizens Police Academy members helped walk the grounds of the festival to act as our eyes and ears. They spent time learning about the different patrol techniques used in law enforcement.

With the new program both Advisors decided to start an Explorers police academy with more structure. This new program started in September and since then our Post has logged over 430 hours of specialized training in various fields of study related to Law Enforcement. Over 300 hours of job shadowing and community service completed by our post.

The Explorers assisted Advisor Cole with Boy Scout tours of the Marion Police Department. They gave special directions to the children on the proper procedures of fingerprinting which in turn helped the Cub Scouts earn their fingerprinting badge. The Explorers did extremely well with these children who said it was their best tour ever!

We are extremely happy with the group of kids in the program this year and we are very excited about the new direction implemented for the Post.

Citizen's Police Academy Alumni Association Report

2013 was a very busy year for the members of the Marion City Citizen's Police Academy Alumni Association (CPAAA). Members of the organization logged over 2790.25 hours of community service in support of the Marion Police Department. Many other community organizations are now counting on the CPAAA as regular partners for assistance with their parades, 5k runs, cruise-ins or children festivals.

The membership has continued to provide child identification cards when requested at various community events throughout the year. This was done at five different events in 2013. We have had members coming into the Police Department to ID cards when have Cub Scout tours as well. The membership has also partnered with Safety City to provide ID cards for each child as they attend the program.

2013 also marked the first time in three years that the Marion Police Department was able to host another citizen's Police Academy. This was once again well attended and we received a lot of very positive feedback. Several of the attendees have joined the Alumni Association and have become very active members.

The assistance from the CPAAA is greatly appreciated. The CPAAA has done an outstanding job of helping out this community, through their service, whenever they have been called upon.

Lt. E.M. Brown
